

Tech Club Signup Form

⚠ Issues & Corrections

1. ❌ Invalid input types: `slider`, `contact`, `skills`, `value`

These are not valid HTML input types.

Intended Field	Current Type	✅ Correct Type
Experience level	<code>slider</code>	<code>range</code>
Contact method	<code>contact</code>	<code>select</code> or <code>radio</code>
Skills	<code>skills</code>	<code>checkbox</code> or <code>select multiple</code>
Hidden referral code	<code>value</code>	<code>hidden</code>

Fix example for experience level:

```
<label for="slider">Experience level (1-10)</label>
<input type="range" id="slider" name="slider" min="1" max="10" />
```

Fix for hidden referral code:

```
<input type="hidden" name="referral" value="CLUB-2025" />
```

2. 📝 Typo in label text

- `"Preferredd meeting time"` → should be `"Preferred meeting time"`
- `"Week youcan start"` → add space → `"Week you can start"`

3. ❌ Incorrect closing tag for `<button>`

```
<button type="submit"> Join </botton>
```

- **Fix:** Replace `</botton>` with `</button>`

4. 🧠 Missing grouping for multiple-choice inputs

For contact method and skills, use `<fieldset>` and either:

- **Radio buttons** for single-choice
- **Checkboxes** or `<select multiple>` for multi-choice

Example for contact method:

```
<fieldset>
  <legend>Preferred contact method</legend>
  <input type="radio" id="email" name="contact" value="Email">
  <label for="email">Email</label><br/>
  <input type="radio" id="phone" name="contact" value="Phone">
  <label for="phone">Phone</label><br/>
</fieldset>
```

Example for skills:

```
<fieldset>
  <legend>Skills</legend>
  <input type="checkbox" id="html" name="skills[]" value="HTML">
  <label for="html">HTML</label><br/>
  <input type="checkbox" id="css" name="skills[]" value="CSS">
  <label for="css">CSS</label><br/>
</fieldset>
```
